Tynewater Primary School
a thinking-caring learning community

2021-2022 | **Period 3** | 26/10/21 to 03/12/21 | Teacher: Miss Glennie

Information for Parents - Outline Plan for Learning and Teaching

Topic / Project Title: People who help us

People Who Help Us

Languages

Reading: As a class after break or lunch time we share 1 or 2 books a day. The children will engage with a range of different questions whilst listening and following along.
As we continue to learn our sounds and we begin to blend word lists will be sent home to practise. Please keep these in your bag every day so they can be swapped for the next list.
Spelling and Grammar: We have began learning sounds, following the Jolly Phonics framework. The first sounds they will learn over the course of the next few weeks are: **g,l,o,u,f and b.**
Writing: Primary 1 will continue to practise and learn about correct letter formation when writing our sounds. These can be practiced at home, trying to remember how we hold our pencils..
We will continue our weekly reflective news writing this period. The children will learn more about capital letters and full stops.

Expressive Arts

We will experiment with different materials to help us create art related to our topic.
We will create chalk firework pictures and complete different crafts around people who help us.

We will use drama to act out different scenarios where you might need somebody to help you.

Social Studies

Our topic will be 'people who help us'. The class will learn about people in the community who are there to help them and what their jobs and roles are.

Health & Wellbeing

Health: The children will continue to learn about health and wellbeing follow the Emotion Works framework.

PE: Our focus for PE with period will be on 'object control'. The children will learn and develop skills for throwing, catching and dribbling a range of different objects.

Mathematics

Numeracy: P1 will continue to engage in a range of counting activities for numbers up to 20. We will continue to practice ordering and sequencing numbers up to 20, where appropriate. Primary 1 have began learning about addition to 10 and are making great progress so far.

Mathematics: This period our maths focus will be on symmetry. We will be learning about what the word symmetry means, how to recognise something that is symmetrical and we will have a go at making our own symmetrical pictures.
