

Maths

The Fibonacci sequence

LI

We are learning to explore more complex number sequences, including well-known named number patterns.

SC

- I can explain and uses a rule to extend well known number sequences including square numbers, triangular numbers and Fibonacci sequence.

Research...

What is the Fibonacci sequence?

Please research this and find out as much as possible, display your findings in any way you choose, for example a poster, a leaflet, a PowerPoint or just some points.

Send them to Mrs Briggs and await a task next week...
