Think about the journey Ben and Granny have been on, from the other side of the Thames, right into the Tower Of London.

Draw a map to show their journey.

- Make sure to plot the route they took
- You might want to add some extra details that only you can imagine
- Draw with a **pencil** and use a **ruler** where possible

Mr Burton Reads Gangsta Granny | Chapter 26 TASK

Watch chapter 26 of the book here - <https://youtu.be/cDuc7 WtRE4>

Put yourself in the Queen's shoes. Imagine what she fills her day with and write a recount of the events before she revealed herself to Ben and Granny.

- Was it a coincidence that they met?
- Had the Queen been doing something ordinary?
- Was she following them?
- Could the Queen have been up to something mischievous?

Remember – you are writing as the queen, so you have to use 'I did' rather than 'she did'

If you wanted to make it even more active, you could speak instead of write. Video yourself pretending to be the Queen and recall what happened on that night.
