

Primary 1 reflection task

You have been at Burnbrae Primary school for a year now. Primary 1 is nearly over for you and after the summer break you will be in Primary 2!

You have grown a lot and learned a lot since you started Primary 1 last August.

Let's have a think about some of the things you have learned and some of the ways you have changed since then.

Talk to your grown up about some of these things.

Did you make new friends in Primary 1?

What do you like to do together?

Find a photo of you from the start of Primary 1. Look at it next to a recent photo of you. Have you changed?

Are you taller now?

Is your hairstyle different?

Maybe you have lost a baby tooth or grown more freckles?

What did you really enjoy in Primary 1?

Maybe it was:

- The Nativity play
- Having the class bear for a sleepover
- Learning about your senses
 - Number work
 - PE
- Playing outside at break and lunchtime
 - Painting
 - The craft table
 - Visiting the church
 - Listening to stories
- Assemblies and sing alongs

What are you looking forward to about Primary 2?
