A suffix is a group of a few letters put at the end of a word.

Top Tips for learning tricky spelling words

Sometimes it can be tricky to learn longer spelling words and know what rule to use. Here are some tips!

1) Say the word out loud. **Listen to the sound** you make when you say the suffix. Is it making a buzzing sound (-sion) or a sh sound (-tion)?

2) **Break the word up in to syllables.** This is how many 'beats' are in the word. For example, 'information' = in – for – ma – tion. This helps when you are spelling the word.

3) Highlight the part of the word you find tricky and keep practising using Look Cover Write Check.

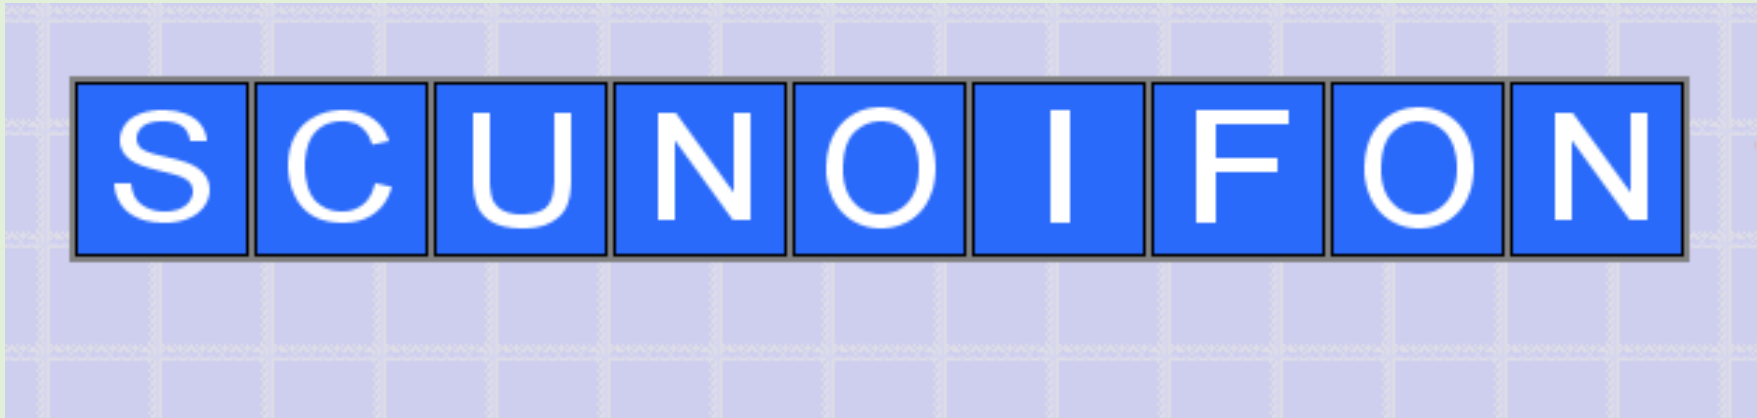

4) Make up a rhyme or song to help you remember a tricky spelling. Be creative!

Spelling Activity 1 – Choose between...

Sentence, Please

Write sentences using each of your spelling words. You may use more than one word in a sentence, but you must write at least 5 sentences.

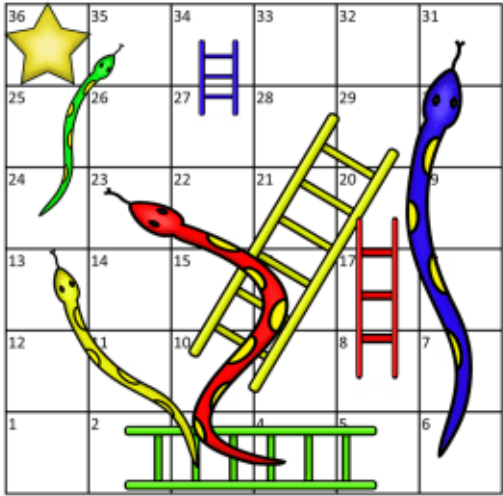

Underline your spelling words.

Other Handed

First write your spelling words the way you usually do it.

Then, try writing the list with your other hand!

Spelling Activity 2 – Spelling Board Game

Make up a board game using your spelling words.

It might be like Snakes and Ladders where you travel around the board to reach the finish. You might need to spell the word without looking when you land on a square.

Maybe it is like Noughts and Crosses but each player chooses a spelling word instead. You might need to spell the word correct for your turn to count.

Create your game and write down the rules. Make sure it helps you practise your spelling words.

Have fun!
