### Shortbread Recipe

#### Ingredients

Makes: 12 shortbread

190g plain flour

125g unsalted butter

55g caster sugar

#### Method

Prep: 20min > Cook:15min > Ready in:35min

1. Preheat the oven to 180 C / Gas 4.
2. Cream together butter and sugar. Sieve in the flour - mix well.
3. On a floured surface, roll out approx 1cm thick.
4. Cut into shape then place on a grease proof lined baking tray. Keep rolling and cutting your dough until all your dough is used.
5. Pop in the oven for 15 minutes, not letting the biscuits turn a golden colour.
6. Sprinkle with a little caster sugar. Delicious warm or cold.

#### *Tip*

Keep the surface floured whilst rolling mixture to prevent it sticking.
