

# Remote Learning Grid September 2021 First Level

<b>Literacy</b>  	Read your favourite novel or find an interesting article. Take turns to read aloud with an adult. Think and talk about the impact punctuation has on expression. Try asking the adult to read a sentence aloud to you and guess what punctuation has been used.	Draw a story map of a paragraph or chapter of a book you enjoy. Can you change key details such as character or setting to change the story?	Read for enjoyment every day for at least 20 minutes. Try to read a range of texts and genres.
	Design a new front cover and blurb for one of your favourite books. Remember to include all of the key information you would usually find on a book such as the author, illustrator and publisher.	Use the websites below to practice spelling a range of common words. Choose words you find challenging to spell or find unfamiliar words from a text. <a href="https://www.spellzone.com/word_lists/games-259517.htm">https://www.spellzone.com/word_lists/games-259517.htm</a> <a href="https://www.spellingtraining.com/">https://www.spellingtraining.com/</a>	Watch Newsround <a href="https://www.bbc.co.uk/newsround">https://www.bbc.co.uk/newsround</a> and discuss with your family a chosen current affairs topic. Work with them to decide how you could share this news with the class and what information should be included. You can choose to present this in any format you like. Some ideas might include a poster or a PowerPoint.
<b>Numeracy and Maths</b>  	Practise numeracy skills using games on the Top Marks website <a href="https://www.topmarks.co.uk/maths-games/5-7-years/addition-and-subtraction">https://www.topmarks.co.uk/maths-games/5-7-years/addition-and-subtraction</a>  Try to focus on quick recall of addition, subtraction, multiplication and division facts.	Practise telling the time using digital and analogue clocks. You can choose to challenge yourself with o'clock, half past, quarter past and quarter to.  <a href="https://mathsframe.co.uk/en/resources/resource/116/telling-the-time">https://mathsframe.co.uk/en/resources/resource/116/telling-the-time</a>	Create your own board game that helps you to practise doubles and halves.  For example use or create a Snakes & Ladders board and double or half the number you land on.
	Click the link and choose a game to practise problem solving skills <a href="https://www.topmarks.co.uk/maths-games/5-7-years/problem-solving">https://www.topmarks.co.uk/maths-games/5-7-years/problem-solving</a>	Choose a recipe with an adult and have a go at making something delicious. Make sure you have all the ingredients and equipment before you start.	List 5 2D shapes. Create a tally chart using these shapes and see how many of each shape you can find in your house or garden.
<b>HWB/Global Citizenship</b>  	Click on the link below to put into practise internet safety skills and become an internet legend.  <a href="https://beinternetawesome.withgoogle.com/en_uk/interland">https://beinternetawesome.withgoogle.com/en_uk/interland</a>	Create an exercise circuit or obstacle course in your garden. Try using everyday items to add extra challenge such as balls, skipping ropes and even garden furniture. Complete against family members to see who can do it in the fastest time.	Think about ways you can reduce your carbon footprint. Can you and your family think of 3 things you can change in order to make a positive impact on our climate crisis?
