

Home Learning Primary 3

Date Issued: Tuesday 21st September 2021

Due: Thursday 30th September 2021

Over the next week please complete the underlined tasks and any others you choose to do.

Please colour the circle to self-assess how you got on with the task

green – easy

yellow – ok

red – difficult

<p>Task 1 Reading</p> <p>Choose your favourite story, or part of a story if you are reading from a chapter book, to read aloud to someone in your family. You could also record yourself reading and send it to a friend or family member. Try to read with fluency and use expression.</p> <p>Once you have completed this task take a few minutes to write down the name of the book that you chose to read from and why you selected this particular story.</p> <p>L.I. To read with fluency and expression. <input type="radio"/></p>	<p>Task 2 Listening and Talking Odd One Out</p> <p>You will need to ask someone to play this game with you. You could ask someone in your family or you could ask someone to play this game with you while you are at school.</p> <p>Take turns each to say a list of words that are part of a particular theme, this could be things like animals, food, sports or colours. Insert one word into the set that does not belong there and ask the person you are playing with to identify the odd word, for example- football, cycling, gymnastics, purple, running. The word purple is the odd one out because the other words are all sports activities.</p> <p>As you get better at the game you could make it trickier by making the odd word less obvious, for example- football, basketball, swimming, rugby, tennis. Swimming is the odd one out because it does not require a ball.</p> <p>L.I. To develop listening and talking skills. <input type="radio"/></p>
<p>Task 3 Numeracy</p> <p>Have a go at ordering numbers. Choose a number range to suit you. This could be numbers to 20, 100 or even 1000. The link below will take you to Coconut Ordering where you can put your number knowledge to the test. Can you improve your score and increase how quickly you can order the numbers?</p> <p>Coconut Ordering - Comparing Numbers, Prices, Mass, Length and Capacity (topmarks.co.uk)</p> <p>Send us a message to let us know how you get on.</p> <p>L.I. To order numbers. <input type="radio"/></p>	<p>Task 4 Health and Wellbeing</p> <p>You are challenged to invent a new version of tig. You need to think of a new name for the game and write down the rules. Try to keep the rules to a minimum and make them easy to follow. Once you have decided what these should be ask your family or friends to play it with you. You could try it out with your friends at school. Remember you will need to explain the rules clearly so that everyone understands what to do.</p> <p>L.I. To create a new game. <input type="radio"/></p>
<p>Optional Task 1 HWB</p> <p>Take time to play and have fun! Try to find time everyday to do something that makes you smile. This might be reading your favourite book before going to bed, building with Lego after dinner or playing in your garden.</p> <p>We would love to hear about what you have been doing.</p> <p>L.I. To identify activities that I enjoy. <input type="radio"/></p>	<p>Optional Task 2 Exp Arts</p> <p>Have a go at drawing along with Jim Field. He is the illustrator who works with Kes Gray and Rachel Bright. You could choose to draw the frog from Oi Frog or Kevin the Koala from the Koala Who Could.</p> <p>DRAW with JIM FIELD — Jim Field</p> <p>We can't wait to see some of your drawings.</p> <p>L.I. To use different materials to create a drawing. <input type="radio"/></p>

At the end of the week please think about the following questions together

What was your favourite task and why?	Child
	Adult
What would you like more help with or to do more of?	Child
	Adult
