Cuiken Primary Home Learning Grid P6

Spicy I can find halves, quarters, thirds and fifths of quantities

1. Find half of; 42 54

2. Find a quarter of; 8 16

3. Find a third of; 12 9 15 33

4. Find a fifth of; 15 25 55 100

Hot I can find halves, quarters, thirds and fifths of quantities with different numerators

Remember to divide by the denominator and multiply by the numerator

Find; $\frac{1}{2}$ of 56 $\frac{1}{2}$ of 72 $\frac{1}{2}$ of 28

$\frac{1}{4}$ of 24 $\frac{2}{4}$ of 36 $\frac{3}{4}$ of 40

$\frac{1}{3}$ of 30 $\frac{2}{3}$ of 13 $\frac{2}{3}$ of 18

$\frac{1}{5}$ of 30 $\frac{3}{5}$ of 50 $\frac{4}{5}$ of 25

Sizzling I can find fractions of quantities with a range of numerators and denominators

Find; $\frac{3}{4}$ of 16 $\frac{5}{6}$ of 36 $\frac{3}{8}$ of 48

2. Any signs of animals such as birds' nests
3. A pine cone
4. A plant or tree that is still green
5. Icy ground
6. Muddy ground
7. Anything else interesting

You could make your own list of things to look for. Remember to share what you find in your Google classroom.

Complete each activity on the grid - these can be completed in Green Jotter you were given.

BIG NEWS

AMAZING ALBATROSS LAYS EGG AT 69

Wisdom with a previous hatched chick

John Muirhead / U.S. Fish and Wildlife Service

WISDOM the albatross, the world's oldest known wild bird, has laid an egg at the age of 69.

The Laysan albatross was first fitted with a leg band in 1956.

Albatrosses have the largest wingspan of any bird. They spend most of the year at sea, gliding on the ocean winds and feeding on squid.

Wisdom has flown more than three million miles in her lifetime – that's the same as eight return trips to the moon!

Every year, Wisdom returns to Midway Atoll in the Pacific Ocean to meet up with her partner. This remarkable mother has raised well over 30 chicks so far and shows no signs of stopping!

The birds face many threats, the main one being the plastic that ends up in the Pacific – and often birds' stomachs.

Questions on: 'Amazing albatross lays egg at 69'

1) What type of bird is Wisdom?

- Herring
- Gull
- Laysan albatross
- Northern gannet

2) Look closely.

- What do the birds **glide** on?
- What do the birds **feed** on?

3) Find the numbers.

Wisdom is _____ years old.
She has flown over _____ million miles.
She had a leg band fitted in _____.
She has raised over _____ chicks.

4) Describe a year in the life of Wisdom the albatross.

5) How does the journalist help you understand just how far 3 million miles is?

6) Find **two words** the journalist uses to describe Wisdom.

7) Albatrosses are amazing birds. What can we do to look after them?

8) Is Wisdom the oldest bird alive? Explain your answer.

Key Stage Two – Year 5 STEM Lesson – Marble Run Guide

Checklist for marble run:

- Cardboard or plastic or other suitable material
- Box
- Scissors
- Sellotape
- Paper straws (optional)
- Marbles/ ball bearings or something small and ball like (you could even use frozen peas)
- Cardboard tubes if possible.
