

Health and Wellbeing/Class Behaviour Expectations

We have a class charter which encourages a happy and safe learning environment. We also have a behaviour chart in class to praise and encourage positive attitudes. In addition we also have our recognition tree where we work towards social goals as a class. Health and Wellbeing will be taught by Ms Jardine. In September and October our learning themes will be 'safe and healthy'.

Seesaw

Every family and child should have received their login details for Seesaw. By using Seesaw I will be able to share photos of the learning and activities which take place in the class. Please let me know if you are unable to use this app and require assistance.

Home-School Communication

If you have any queries or concerns about your child please do not hesitate to get in contact. You can contact the school office by telephone or email. They will be happy to answer any queries you may have or if you wish to speak to me on the phone and I will return your call.

Thank you so much for your continued support and cooperation.

Loose Parts Play Request

In P2 we would love to develop our loose parts area. Loose parts play provides endless imagination and creativity and it is mostly made up of natural or recycled materials. If you have piping, old cable drums, thread spools, shells, buttons, pine cones, conkers or bamboo etc. and were able to donate this we would love to add it to our loose parts play collection.

**Be The Best
We Can Be!**

**Newsletter 1
P2R
September 2022**

Welcome Back!

Welcome to P2R. I hope that everyone had a very enjoyable summer. We are going to have an amazing year in P2R with lots of fun and engaging learning opportunities ahead - Mrs Robson

Primary 2 School Day

Monday- Thursday 8:50am-3:20pm

Friday 8:50am-12:05pm

Break time is 10:30-10:45am

Lunch time is 12:30-1:15pm

P.E Thursday (with Mr Peacock) and Fridays.

Tuesdays Ms Jardine will be teaching PR2

What Learning Looks Like in P2

Literacy

During RWI the children will work on their reading and writing skills through small group sessions with an adult, games which focus on sounds and blending and a mixture of writing and handwriting activities and worksheets.

We have started our new whole school writing programme PM Writing, The first part of this programme is to focus on descriptive writing and in P2R we have been doing this orally and will then move onto written work.

Numeracy

In numeracy we will be focusing on strategies to help us with numbers, number bonds to 10 and 20 and eventually up to 100, halving and doubles, and using a number line or manipulatives for both subtraction and addition. Throughout the week, we will focus on the five domains which cover number structures, addition and subtraction, multiplication and division and fractions.

Children will learn through whiteboard activities, table top games, written tasks and smart board games.

In Maths we will be focusing on measurement and time.

IDL

Our topic up until Christmas is 'Our Planet Earth'. Throughout our topic we will be learning about continents, oceans, extreme earth, climate and different cultures and traditions.

P.E

P.E. with Mr Peacock will focus on the Better Movers Thinkers programme, developing the key skills needed to take part in a range of activities in PE, the playground, and at home.

Learners will focus on increasing their gross and fine motor skills in different areas such as; throwing, catching, running, jumping, and overall body coordination.

Languages

We will be working on the understanding of French through the schools 1+2 programme. This term we will focus on French greetings, incorporating this into our daily routines as well as through song.
