

## Health and Wellbeing/Class Behaviour Expectations

We will be looking at how to keep ourselves safe within the classroom, the whole school, and the community outside school. We have a class charter which encourages happy and safe learning environment. We also have a behaviour chart in class to praise and encourage positive attitudes. In addition we also have our recognition tree where we work towards social goals as a class.

## P.E

P.E. is taught by Mr Peacock who is beginning this term by focusing on our Better Movers Thinkers programme, developing the key skills needed to take part in a range of activities in PE, the playground, and at home.

Learners are focusing on increasing their gross and fine motor skills in different areas such as; throwing, catching, running, jumping, and overall body coordination.

## Computer Science

Also with Mr Peacock this term the children will be building an understanding of our iPads and developing our digital skills and literacy. This will be through different tasks and activities in class.

## Languages

Finally we will be working on their understanding of French through the school 1+2 programme. This term we will focus on French greeting, luckily we have our friend Renee the Rhino to help support learning.

## Home-School Communication

If you have any queries or concerns about your child please do not hesitate to get in contact. You can contact the school office by telephone or email. They will be happy to answer any queries you may have or if you wish to speak to me on the phone and I will return your call.

Thank you so much for your continued support and cooperation.

September 2022**

## Welcome Back!

Welcome to P2T. I hope that everyone had a very enjoyable summer. We are going to have an amazing year in P2T as we have lots of fun and engaging learning opportunities ahead and we will always strive to be the best we can be! - Ms. Taylor

## Primary 2 School Day

Monday- Thursday 8:50am-3:20pm

Break time is 10:30-10:45am

Lunch time is 12:30-1:15pm

Friday 8:50am-12:05pm

P.E Tuesday morning

## What Learning Looks Like in P2

### Literacy

During RWI the children will work on their reading and writing skills through small group sessions with an adult, games which focus on sounds and blending and a mixture of writing and handwriting activities and worksheets.

We have started our new whole school writing programme PM Writing. The first part of this programme is to focus on descriptive writing and in P2T we have been doing this orally and will then move onto written work.

## Numeracy

In numeracy we will be focusing on strategies to help us with numbers, number bonds to 10 and 20 and eventually up to 100, halving and doubles, and using a number line or manipulatives for both subtraction and addition. Throughout the week, we will focus on the five domains which cover number structures, addition and subtraction, multiplication and division and fractions. Children will learn through whiteboard activities, table top games, written tasks and smart board games.

In Maths we will be focusing on measurement and time.

### IDL

Our topic up until Christmas is 'Our Planet Earth'. Throughout our topic we will be learning about continents, oceans, extreme earth, climate and different cultures and traditions.

### Seesaw

Every family and child should have received their login details for Seesaw. By using Seesaw I will be able to share photos of the learning and activities which take place in the class. Your child is welcome to share photos and videos of learning they complete at home. Please let me know if you are unable to use this app and require assistance.
