

Home Learning Activities

If children are prevented from coming to school, the following activities could be carried out during your first week at home.

Nursery	Read story books or listen to an audio book with someone at home.	How many things can you find around the house that are red? Repeat with a different colour!	Play your favourite game with someone from home. How many times did you win?	Draw a picture of a character from your favourite book! Remember to add lots of colour and detail.	Gather some of your favourite toys and put them into order. You could try ordering from smallest to largest, lightest to heaviest etc!
P1	Find things around the house beginning with any sounds you have learned so far. Sort them into the correct categories.	Practise writing your numbers to 20. Use different pens, pencils and colours.	Draw a picture of what you can see from your window. Use different colours and add lots of detail!	Read a story or listen to an audio book with someone at home. Draw a picture of your favourite part of the story and see if someone can guess which part of the story it is!	Go on a 2D shape hunt around the house! See if you can sort items into squares, rectangles, circles and triangles! What shape did you find the most of?
P2	Practice writing your common words with someone at home. You could use Play-Doh, coloured pens or sticks and branches from the garden!	Using a calendar to help, write down everyone in your family's' birthday. What day of the week is/was their birthday this year? Make a card for the next family birthday.	Practise writing your numbers to 100. Use different pens, pencils and colours.	Make paper snowflakes and decorate them. Discuss how each snowflake is different! Who can make the fanciest snowflake?	Choose a book from home that you can read over the next few days. When you have finished, draw a picture of your favourite part and write 3 sentences to describe your picture.
P3	Create a new cartoon character, give him/her a name then write three sentences to describe your new character.	Write an imaginative story about your new cartoon character with a beginning, middle and an end. What adventures will they go on today?	Draw half a shape and then get someone to complete the shape to make it symmetrical. You could include detail and colour to make it more complicated.	Go on a scavenger hunt around the house and write a list of the interesting things you can find. Try to find bigger, smaller items	Practice your 2, 5 and 10 times tables. You could write them down to make a song to help you remember the tables!

Home Learning Activities

If children are prevented from coming to school, the following activities could be carried out during your first week at home.

				and discuss colour and texture.	
P4	Use coloured pens, Play-Doh or find sticks or branches in the garden and lay them out to spell some of your spelling/ common words from the last few weeks.	Write about your first day at home. Tell us about all the different things you have been doing. Try to use your senses in your writing.	Practice your 3, 4 and 10 times tables. You could write them down or have someone quiz you at home to help!	Draw a picture of yourself in your favourite outfit. Use colour and add lots of details. Label your picture to describe your outfit.	Make up an exercise regime that you could do indoors – what skills would you need? You could involve everyone at home and time them each day. Are they getting faster?
P5	Research a topic you really enjoy and create a poster which includes three facts, a title and pictures of your chosen topic.	Watch the news and record four things that you heard to share with someone at home. Try to focus on the positive news stories!	Create your own Maths Basic Facts flashcards and ask someone at home to help you practice! They might even test you!	Practice your 6, 7 and 8 times tables. You could write them down or use a multiplication square to help you!	Design a new outfit for a particular event – remember to include all details and label your picture after. You could also include a short piece of writing to say when you would wear this outfit.
P6	Find ten new/interesting/ confusing words in a book or magazine, find their meaning and practise spelling them. Can you use them in a sentence?	Have a look at the weather outside. Can you write a poem to describe the weather, and draw a picture to illustrate your poem?	What is your favourite meal? Think about the started, main and dessert and make a list of the ingredients you will need. Explain which ingredients are good for your body.	Create your own Maths Basic Facts flashcards and ask someone at home to help you practice! They might even test you!	Make up an exercise regime that you could do indoors – what skills would you need? You could involve everyone at home and time them each day. Are they getting faster?
P7	Write an imaginative story using a theme of your choice. Be as imaginative and creative as you can. Consider using themed vocabulary and include	Write an acrostic poem about your favourite season. Use sophisticated vocabulary to enhance your poem – you could	Practice your ALL of your times tables. You could write them down or find tricks that can help you to remember certain tables.	Make up an exercise regime that you could do indoors – what skills would you need? You could involve everyone at home and time them each	Create your own Maths Basic Facts flashcards and ask someone at home to help you practice! They might even test you!
