

Duty of Candour Report
Sacred Heart Primary School ELC
1st April 2023- 31st March 2024

All health and social care services in Scotland have a duty of candour. This is a legal requirement which means that when things go wrong and mistakes happen, the people affected understand what has happened, receive an apology, and that organisations learn how to improve for the future.

An important part of this duty is that we provide an annual report about the duty of candour in our services. This short report describes how Sacred Heart Nursery has operated the duty of candour during the time between 1 April 2022 and 31 March 2023.

4. Information about our policies and procedures

Where something has happened that triggers the duty of candour, our staff report this to the Senior Early Years Practitioner at Sacred Heart ELC who has responsibility for ensuring that the duty of candour procedure is followed. The Senior Early Years Practitioner /Manager record the incident and reports as necessary to the Care Inspectorate. When an incident has happened, the manager and staff set up a learning review. This allows everyone involved to review what happened and identify changes for the future. All new staff learn about the duty of candour at their induction. We know that serious mistakes can be distressing for staff as well as people who use care and their families. We have occupational welfare support in place for our staff if they have been affected by a duty of candour incident. Where parents or children are affected by the duty of candour, we have arrangements in place to provide welfare support as necessary.

5. What has changed as a result?

Our setting has not received a duty of candour incident from 1st April 2023- 31st March 2024 however a yearly policy will be reviewed to ensure safety and duty of candour is carried out correctly/ efficiently.
