

Home Learning Grid 01.02.21

You will find all resources for the following tasks in the Classwork tab. Although we would love everyone to engage fully with Google Classroom activities, please do what works for you as a family. The suggested days for literacy and numeracy tasks (and any 'deadlines' that appear on assignments) are only guides to help you manage your child's work.

Throughout the grid the terms "Chilli Challenge" and "Mild, Spicy, Hot" will be referred to. This means there will be three worksheets or follow tasks which differ in challenge. It is up to you to decide which one is the most appropriate challenge for you.

We understand that printing out worksheets is not always feasible, therefore you can always just copy and complete them on a piece of paper or whiteboard.
