Voluntary help enables us to extend the range of learning experiences that we can offer pupils. We value help enormously and extend an invitation to parents, grandparents and members of our local community to work with us, if possible, on a regular basis with learning activities with a group of up to six children. Even one hour per week can be a tremendous help to our children and staff. Except for Nursery, you may be assigned to assist a group of children outwith your child's class, as this may be more helpful for the school / children's learning for the times you are available.

Please don't be nervous about getting involved; a teacher will always give you instructions and guidance. **If you are interested, could you please complete and return the following form by Friday 13 September to enable Teachers to form their timetables?** You should receive an acknowledgement from your child(-ren)'s Teacher(s) OR another Teacher within seven days indicating whether or not your help is presently needed.

Please note that everyone needs to be fully checked with the Criminal Records Office and that all voluntary help is monitored by me as Head Teacher. Thanking you in anticipation.

Douglas Lawson *Head Teacher*

Please return this form to your child's Teacher by Friday 13 September 2019
