

### Talk4Writing

The children have enjoyed retelling the story of Little Red Riding Hood!

They have designed story maps, created actions, changed characters and settings, used lots of adjectives and even written their own adapted versions of the story!

### The Victorians

The children have been comparing Victorian Toys, School Life, Technology, Food and Daily Life with their own. We have been to Oxenfoord Castle and New Lanark.

### Problem Solving Skills

Teamwork makes the dream work! The children were challenged to create the tallest tower in their table groups using spaghetti and marshmallows! It was trickier than we thought!

### Outdoor Learning

We have been outside looking after and watering our vegetables and herbs.

The children prepared, cooked and ate potato soup with the potatoes from the garden beds!
