

Who are we? What do we do?

We help support parents (within a set criteria) who are in employment and looking to progress/upskill. We also work with parents who are unemployed to help them identify learning and training opportunities to gain qualifications, CV writing/job searching/interview skills, maximising household income, boost confidence or motivational support, gaining volunteer experiences etc. A small barrier free fund may be available to assist with modest costs.

If you would like to hear more about our service and what we can provide please get in touch.
