## Routes

I. Put a small toy figure on Start. Write three different routes for them to move to Finish, avoiding the dragons.

|  |  |  |  |  | Finish |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | $28$ |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |
|  |  |  |  | $5 x^{4}$ |  |

Route I
Route 2
Route 3

| Go up 3 squares |  |  |
| :--- | :--- | :--- |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |

2. Compare your answers with your partner's. Were any of your routes the same?

I can give directions about how to get somewhere
